Financial Aid Satisfactory Progress Guidelines

Satisfactory Academic Progress Policy

Satisfactory Academic Progress Policy is consistently applied to all students enrolled at this school. It is printed in the catalog to ensure that all students receive copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the US Department of Education.

Evaluation Periods

Students are evaluated for Satisfactory Academic Progress at scheduled hours:

Cosmetology	451, 901, 1226
Esthiology	300, 600
Nail Technology	100, 200, 300

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by mid-point in the program.

Attendance Progress Evaluations

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% accumulative attendance since the beginning of the program which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame

The maximum time frame (which does not exceed a 150% of the course length) allowed for students to complete each program at satisfactory academic progress is stated below:

Program	Maximum Time Allowed	
	Weeks	Scheduled Hours
Cosmetology (35 hrs/wk) 1500 hours	73.5	1715
Esthiology (32 hrs/wk) 600 hours	31.5	653
Nail Technology (20 hrs/wk) 300 hours	24.75	328

The maximum time allowed for transfer students who need less the full course requirements will be determined based on 67% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on cash pay basis.

Academic Progress

To determine academic progress; each student must have an 80% GPA at each evaluation point. Grading scale is as follows for any form of testing, A (100-93), B (92-85), C (84-80), D (79-70), F (69-0).

Clinic Quota Assignments-Grading client services on the clinic floor are as follows: Unsatisfactory- student is careless, fails to follow directions, excess time to complete the service or poor customer service. Satisfactory- Student with or without close supervision completes the service with minimal errors.

Phase Requirements-Students must complete all phase requirements in order to be considered making satisfactory progress. Students need to have an 80% GPA by the last phase in order to graduate from any program. Satisfactory Progress phase sheets have all requirements listed per program.

Determination of Progress

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funds interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period.

The Student will be advised in writing on the actions required to attain satisfactory academic progress at the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV Funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probation period, if the student appeals the decision and prevails upon appeal. Additionally only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period maybe placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end the next evaluation period. Students who are progressing according to their specific academic plan are considered to be making Satisfactory Academic Progress. The student will be advised in

writing of the actions required to attain satisfactory academic progress be the next evaluation. If at the end of the probation period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, student will not be deemed eligible to receive Title IV Funds.

Re-establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during the leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress as the time of withdrawal. Non-credit, remedial courses, and repetitions do not apply to this institution. Therefore have no effect upon the school's satisfactory academic progress standards.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within five (5) business days. Reasons for which students may appeal a negative progress determination include death of a relative, injury or illness of student, or any allowable special circumstance. The student must submit a written appeal to the Lead Instructor, describing why they failed to meet satisfactory academic progress standards, along with all supporting documentation on reason why the decision should be reversed. This information should include what has changed about the student's situation that allows them to achieve Satisfactory Academic Progress by their next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within three (3) business days. The appeal and decision documents will be retained in the students file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

Transfer Student SAP

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Policy on the Return of Title IV Federal Financial Aid

The law specifies how State College of Beauty Culture must determine the amount of Title IV Program Funds that you can earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Stafford Loans, Plus Loans and Federal Supplemental Educational Opportunity Grants (FSEOG).

When you withdraw during a payment period, if the amount of Title IV program funds that you have earned up to that point is received on your behalf less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the School must return the excess funds. Refunds are allocated in the following order:

- Unsubsidized Federal Stafford Loan
- Subsidized Federal Stafford Loan
- Federal Parent (Plus) Loan
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Private and Institutional Aid
- The Student

The amount of assistance that you have earned is determined on a pro-rata basis. For example, if you completed 30% of your payment period, you earned 30% of assistance that you were originally scheduled to receive. Once you have completed more than 60% of the payment period, you earn all the assistance that you were scheduled to receive.

If you did not receive all the funds that you earned, you may be due a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, you may choose to decline the loan funds so that you do not incur additional debt. State College of Beauty Culture may automatically use all or a portion of your post-withdrawal disbursement (including loan funds, if you accept them) for tuition and fees charges. It is in your best interest to allow the School to keep the funds in order to reduce your debt to the School.

Because of other eligibility requirements, there is some Title IV program funds that you were scheduled to receive that you cannot earn once you withdraw. For example, if you are a first-time, first-year undergraduate Student and you have not completed the first 30 days of your program before you withdraw, you may not earn any Direct Stafford Loan Funds that you would have received had you remained enrolled past the 30th day. If you receive (or your school or parent receive on your behalf) excess Title IV program funds that must be returned, your school must return the portion of excess equal to the lesser of

1. Your institutional charges multiplied by the unearned percentage of your fund.
2. The entire amount of excess funds.

The School must return this amount even if it didn't keep this amount of your Title IV program funds.

If the School is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that you must return is called an overpayment. The amount of a grant overpayment that you must repay is half of the unearned amount. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirement for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the School to cover unpaid institutional charges. State College of Beauty Culture may also charge you for any Title IV program funds that the School was required to return. State College of Beauty Culture's refund policy is also

printed on your Enrollment Agreement. Also printed in this catalog are the requirements and procedures for officially withdrawing from school.

If you have any questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID. The center accepts calls from 8 a.m. to midnight (EST), seven days a week. TTY users may call 1-800-730-8913. Students who are tardy will have the hours that day rounded off to the nearest quarter hour. A student tardy 5 or more times per month will be put on probation for one month.

Leave Of Absence (LOA)

An LOA refers to a specific time period during a program when the student is not in attendance. An LOA is not required if a student is not in attendance only for institutionally scheduled break. However a scheduled break may occur during an LOA. All students must follow this policy to be approved for an LOA. When it is deemed necessary by State College of Beauty Culture, a student can be granted a leave of absence during the course of study. Students will fill out a LOA form, with the Admissions Director, and attach professional documentation which includes the start date of their LOA and the end date of the LOA. Requests for leave must have required form, documentation, and will be approved or denied by the School Administrator. Approval is given with a reasonable expectation that the student will return from the LOA. Any student may be granted an LOA for unseen circumstances. Circumstances such as medical, military, public service or similar uncontrollable upsets will be cause for granting leave to a student. Documentation will still be required for any foreseen circumstance. The LOA would start the first day the student was unable to attend. A student approved for an LOA that meets these requirements is not considered to have withdrawn and no refund calculation is required at this time. If a student fails to return from the leave of absence on the date indicated in the written request, he/she will be considered officially withdrawn as of the last date in attendance. If a student returns early from a leave of absence the student will need a doctor's release upon returning to school. If a student needs to extend their LOA they will need to come in personally to re-file and begin the process again for another LOA. All student benefits, service discounts, and product discounts stop when a student is on a LOA. The maximum leave is 180 days within a 12 month period. The institution will not add any additional charges as a result of an LOA. The student's contract will extend the same number of days taken in the LOA. All parties will initial and date contract with new dates.

Standards of Conduct

Students are responsible for their own equipment and personal property. No borrowing of equipment is tolerated. Students must attend classes regularly and pursue the instruction and practical work diligently. Telephone calls, except for emergencies, are not permitted while in class. The clinic floor is a classroom. The college reserves the right to expel or terminate any student for improper conduct, unsatisfactory progress, or absences. The college reserves the right to terminate this agreement for violations of any policies and rules published in the catalog or policy manual.

Termination Policy

A student is subject to automatic termination with the right to appeal if:

- The student has been determined by a staff member to be under the influence of alcohol or illegal drugs while in school.
- If the student is found stealing or cheating.
- If the student does not make satisfactory progress in attendance or academics as defined by the State College of Beauty Culture Satisfactory Progress Policy.
- If a student is placed on probation 3 times in any one enrollment period.
- If any State College of Beauty Culture policy is broken.

Appeal Policy

Students who are terminated can appeal this determination. The student must submit a written appeal to the School Administrator, along with any supporting documentation, reasons why the decision to terminate should be reversed, and request for a reevaluation of progress. The School Administrator must receive this appeal within five (5) business days of termination. Should a student fail to appeal this decision, the decision to terminate will stand, the whole appeal process is documented.

An appeal hearing will take place within seven (7) days of receipt of the written appeal. This hearing will be attended by the student, Patents/ guardian (if the student is a minor), the School Administrator, Lead Instructor, and Financial Aid Director. A decision on the student's appeal will be made within three (3) business days by the College Owners and will be communicated to the student in writing. This decision is final.

Should the student prevail upon his/her appeal, the student will be automatically re-enter in the course and final probation period will be offered to the student with specific guidelines for an amount of time determined by the appeal committee. All financial aid funds will be reinstated to the eligible student. The time that was missed during this process will be considered excused and will affect the student's attendance.

Make-Up Work Policy

Students will need to have all make-up work completed at scheduled satisfactory progress meeting or determination of policy will take place.

State College of Beauty Culture (SCBC) – Annual Security Report

The Cleary Act and the United States Department of Education's regulations require Title IV participating institutions to publish an annual security report containing safety and security related policy statements and crime statistics and distribute it to all current students and employees. Institutions must also inform prospective students and employees about the availability of the report.

POLICY STATEMENTS:

Procedures for Reporting

1. Student or employees witnessing or being involved in any kind of criminal action or emergency on campus shall report this action, promptly and accurately, to their Instructor. If the Instructor is unavailable, then report to an Administrator.
2. All such reports shall be given to the Title IX Coordinator, Dan Burns who will take actions as necessary. This includes, but is not limited to:
 - (1) Calling emergency services as required
 - (2) Reports to the local authorities or jurisdiction
 - (3) Referral of student or employee to agencies to receive necessary assistance.
 - (4) Collecting and maintaining a file of all such reports.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Campus Title IX Coordinator constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be issued through the most effective and efficient means available and may include instant messaging and email to students and State College of Beauty Culture (SCBC) employees. Notices may also be posted in the common areas throughout the school. Anyone with information warranting a timely warning should report the circumstances to the Campus Title IX Coordinator by phone at 715-849-5368 or in person at the school. A timely warning will include the reported offense, the location of the reported offense, the date of the reported offense if known, a description of suspects if available, and any other information that would promote safety.

For purposes of making timely warnings students and staff should report criminal offenses or emergency situations to their immediate supervisor or these staff members:

- Daniel Burns, Title IX Coordinator 715-849-5368 x3
- Andrea Burns, President 715-849-5368 x6
- Liz Hart, Lead Instructor 715-849-5368 x5

Voluntary and Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action through SCBC or the criminal justice system, you may still want to consider making a voluntary, confidential report. With your permission, the Title IX Coordinator can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the school can keep an accurate record of the number of incidents involving students, educators, staff, and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for SCBC.

Preparing the Annual Disclosure of Crime Statistics

Each year before the Department of Education reporting website opens for registration, the Title IX Coordinator requests crime statistics information from the Wausau Police Department. The information is compiled into the Annual Security Report Statistics section and entered appropriately into the Department of Education's website. The report is distributed on or before October 1 each year to current students and employees. The report will also be made available to new students and employees at orientation sessions that are mandatory for new enrollees before starting class and new hires before starting work in their designated area.

Security of and Access to Campus Facilities

1. The campus area is accessible only during normal business hours. Responsible management personnel will be available on campus during all normal business hours to ensure timely reaction to any and all incidents reported.
2. State College of Beauty Culture does not own or control any housing, but all students and employees are advised to check with apartment managers and or local law enforcement agencies as to residence security.

Maintenance of Campus Facilities

Campus maintenance is considered to be of the highest priority. All campus facilities will be maintained in a manner to ensure a safe and secure workplace.

Campus Law Enforcement

State College of Beauty Culture does not employ any private security personnel or have a campus police department. Local law enforcement agencies are relied on campus law enforcement.

Accurate and Prompt Reporting of all Crimes

Community members, students, educators, staff, and visitors are encouraged to report all crimes, emergencies, and safety concerns to the Academy Director in a timely manner.

Privileged and Confidential Communications – Professional & Pastoral Counselors

Professional, licensed counselors and pastoral counselors who provide mental-health counseling to members of the community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator without a victim's permission. State College of Beauty Culture does not provide professional or pastoral counseling, but can assist a victim of sexual misconduct in obtaining support services from these groups or agencies

A victim who at first requests confidentiality may later decide to file a complaint with SCBC or report the incident to local law enforcement, and thus have the incident fully investigated.

NOTE: While these professional and pastoral counselors and advocates may maintain a victim's confidentiality vis-à-vis State College of Beauty Culture, they may have reporting or other obligations under state law.

ALSO NOTE: If State College of Beauty Culture determines that the alleged perpetrator(s) pose a serious and immediate threat to the school community, the Title IX Coordinator may be called upon to issue a timely warning to the community. Any such warning should not include any information that identifies the victim.

Programs Promoting Campus Safety and Security

An orientation is held with new students and employees to inform them about campus security procedures and practices, and to encourage them to be responsible for their own security and the security of others. Instructors and the Administrative Staff will continue to remind students and employees of their need to remain security conscious throughout their enrollment or employment.

State College of Beauty Culture has a policy to inform students and employees about crime prevention and is a one on one Instructor to Student, Supervisor to employee communication and the need to be security conscious. Procedures and practices are also reinforced periodically during regular staff meetings as well as student theory classes. Students and employees are informed about the importance of maintaining secure premises, including the following safety tips:

- Stay alert of your surroundings, wherever you are.
- If you feel uncomfortable in a place, leave right away.
- Keep eyes and ears open, hands free.
- Choose busy streets and avoid going through deserted areas.
- At night, walk in well-lit areas in groups whenever possible.
- Try not to walk or jog alone. Take a friend or walk in groups.
- Avoid carrying large sums of cash.
- When in public spaces, keep valuables including jewelry, mobile phones and wallets out of sight.

Staff is also reminded that they can assist in crime prevention by ensuring that all doors are locked at the appropriate times. Also, they must report any suspicious situation to administration

Monitoring Criminal Activity at Off-Campus Locations

SCBC operates no off-campus housing and does not recognize any off-campus student organizations.

Drugs and Alcohol

State College of Beauty Culture (SCBC) adheres to goals and policies geared toward providing an alcohol/drug-free educational environment. In order to further SCBC's commitment to provide a healthy and productive educational environment, and in compliance with the Drug-Free Schools and Communities Act Amendments of 1989, the College has adopted rules for both students and staff that promote such an environment.

Rules Regarding Use

- The manufacture, possession, use, sale or delivery of alcohol and other drugs upon College premises or while participating in any College-related activities off campus by an employee or student in violation of any applicable federal, state or local alcohol and other drug-free law is prohibited.
- Any employee or student violating this policy, or seeking to promote, encourage, aid, or abet any other employee or student in the violation of this policy shall be subject to discipline and/or discharge. The administration may invoke such discipline and/or discharge whether or not the employee or student may also be prosecuted under criminal law.
- Any employee or student who is convicted of violating any criminal alcohol or other drug statute on school premises or while participating in any employee duties while off campus must, in accordance with the Drug-Free Workplace Act, notify the Administration Office no later than five days after the conviction. The Administration Office will then notify the Wausau Police Dept. within 10 days after the report of this conviction is received, and within 90 days take appropriate disciplinary action against the employee as outlined in the employee handbook.

As a condition of employment and course enrollment at SCBC, employees and students must abide by the terms of this policy. Support services are available for any student or staff that needs assistance with a drug or alcohol problem. This policy is not intended to preclude the approved use of alcohol and other drugs for instructional purposes or as part of technical assistance.

Sanctions for Unlawful Possession, Use, or Distribution of Illicit Drugs and Alcohol

Local Sanctions

SCBC relies on the City of Wausau Police Department to handle law enforcement at its single location. Activities involving underage drinking, public intoxication, and other alcohol and drug related violations will be referred to the [City of Wausau Police Department](#).

State of Wisconsin and Federal Legal Sanctions

The Uniform Controlled Substances Act, Chapter 961 of the Wisconsin Statutes, regulates controlled substances and outlines specific penalties for the violation of regulations. A first-time conviction for possession of a controlled substance can result in a sentence of up to one year in prison and a fine of up to \$5,000. Sec. 961.41, Stats. A person convicted of manufacturing a controlled substance, delivering a controlled substance, or possessing a controlled substance with the intent to manufacture or deliver, can be imprisoned for up to 30 years and fined up to \$1,000,000. Sec. 961.41, Stats. Penalties vary according to the type of drug involved, the amount of drug confiscated, the number of previous convictions, and the presence of any aggravating factors. The distribution of a controlled substance to a minor can lead to the doubling of an authorized sentence term. Section 961.46(1), Stats.

Wisconsin has legal sanctions that restrict the use of alcohol in various situations. It is illegal to procure for, sell, dispense or give away alcohol to anyone who has not reached the legal drinking age of 21 years. Sec. 125.07(1)(a)(1), Stats. Every adult has a legal obligation to prevent the illegal consumption of alcohol on premises owned by the adult or under the adult's control. Section 125.07(1)(a)(3), Stats. A first-time violator of either of the above subsections can be fined up to \$500. It is against the law for an underage person to procure or attempt to procure an alcoholic beverage, to falsely represent his or her age for the purpose of obtaining alcohol, to enter premises licensed to sell alcohol, or to consume or possess alcohol on licensed premises. Sec. 125.07(4), Stats. A first-time underage violator of section 125.07(4) can be fined up to \$500, ordered to participate in a supervised work program, and have their driver's license suspended.

The federal government has recently revised the penalties against drug possession and trafficking through its Federal Sentencing Guidelines that reduce the discretion that federal judges may use in sentencing offenders of federal drug statutes. Under these guidelines, courts can sentence a person for up to 6 years for unlawful

possession of a controlled substance, including the distribution of a small amount (less than 250 grams) of marijuana. A sentence of life imprisonment can result from a conviction of possession of a controlled substance that results in death or bodily injury. Possession of more than 5 grams of cocaine can trigger an intent to distribute penalty of 10-16 years in prison, U.S.S.G. s. 2D2(b)(1).

Health Risks Associated With Use of Illicit Drugs and Alcohol Abuse

There are dangerous health risks associated with the use of illicit drugs and the abuse of alcohol. Health hazards include profound alterations in sensation, mood and consciousness that may involve the senses of hearing, touch, smell or taste, as well as experiences that depart from reality. Because the effects are highly unpredictable, including bizarre behavior and disorientation, there is a significant risk of accidental injuries. Extreme hazards include suicide and homicide.

Drug and alcohol consumption can affect the brain's ability to learn, remember, recall, integrate, and evaluate outside data and sensory experiences. For pregnant women, drug and alcohol usage can result in malformation of the fetus. Drugs and alcohol are highly addictive.

The Centers for Disease Control and Prevention advises that excessive alcohol use, including underage drinking and binge drinking (drinking 5 or more drinks on an occasion for men or 4 or more drinks on an occasion for women), can lead to increased risk of health problems such as injuries, violence, liver diseases, and cancer.

The National Institute on Drug Abuse provides additional information and resources on the causes and consequences of drug use and addiction.

CAMPUS SEXUAL MISCONDUCT POLICIES

1. Introduction

The State College of Beauty Culture is committed to providing a working and educational environment for all students, faculty and staff that is free from sex discrimination, including sexual misconduct. Every member of the State College of Beauty Culture community should be aware that the school is strongly opposed to sexual misconduct, and that such behavior is prohibited by state and federal laws.

As part of SCBC's commitment to providing a working and learning environment free from sexual misconduct, this Policy shall be disseminated widely to the school community through publications, the school website, new employee orientations, student orientations, and other appropriate channels of communication. SCBC provides

training to key staff members to enable the school to handle any allegations of sexual misconduct promptly and effectively SCBC will respond quickly to all reports of sexual harassment, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy.

2. Scope of the Policy

This Policy governs sexual misconduct involving students that occurs on State College of Beauty Culture property or in connection with any school-sponsored program or event. This Policy applies to all students, employees, and third parties conducting business with SCBC, regardless of the person's gender, gender identity, sexual orientation, age, race, nationality, class status, ability, religion or other protected status. SCBC encourages victims of sexual violence to talk to somebody about what happened – so victims can get the support they need, and so the school can respond appropriately. As further described in this Policy, SCBC will seek to respect a victim's request for confidentiality to the extent possible, while remaining ever mindful of the victim's well-being.

3. Prohibited Conduct

Sexual misconduct comprises a broad range of behaviors focused on sex that may or may not be sexual in nature. Any intercourse or other intentional sexual touching or activity without the other person's consent is sexual assault, which is a form of sexual misconduct under this Policy. Sexual harassment and sexual exploitation, stalking, domestic violence, and dating violence are also forms of sexual misconduct. Intimidation for one of these purposes is sexual misconduct, as is retaliation following an incident of alleged sexual misconduct or attempted sexual misconduct. The definitions for specific acts of sexual misconduct can be found in the Definitions of Key Terms at the end of this Policy statement.

Misconduct can occur between strangers or acquaintances, or people who know each other well, including between people involved in an intimate or sexual relationship, can be committed by anyone regardless of gender identity, and can occur between people of the same or different sex or gender. **This Policy prohibits all forms of sexual misconduct.**

4. Options for Assistance Following an Incident of Sexual Misconduct

State College of Beauty Culture strongly encourages any victim of sexual misconduct to seek immediate assistance. Seeking prompt assistance may be important to ensure a victim's physical safety or to obtain medical care. State College of Beauty Culture strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation.

Reporting Incidents of Sexual Misconduct

Victims of sexual misconduct may file a report with the Wausau Police Department. Victims may also file a report with the School's Title IX Coordinator. More information about reporting an incident of sexual misconduct can be found in Section 6 of this Policy, below.

The victim of the sexual assault may choose for the investigation to be pursued through the criminal justice system and SCBC's disciplinary procedures. The school and the criminal justice system work independently from each other. Law enforcement officers do not determine whether a violation of this Policy has occurred. The campus Title IX Coordinator will guide the victim through the available options and support the victim in his or her decision.

Support Services Available

Counseling, advocacy and support services are available for victims of sexual misconduct, whether or not a victim chooses to make an official report or participate in the school's disciplinary or criminal process. SCBC does not provide counseling or health care services. Personal counseling offered by SCBC will be limited to initial crisis assessment and referral.

5. Title IX Coordinator

The campus Title IX Coordinator is responsible for monitoring and overseeing State College of Beauty Culture's compliance with Title IX and the prevention of sexual harassment, sexual misconduct and discrimination. The Title IX Coordinator is:

6. Reporting Policies and Protocols

State College of Beauty Culture strongly encourages all members of the school community to report information about any incident of sexual misconduct as soon as possible, whether the incident occurred on or off campus. Reports can be made either to the school and/or to law enforcement.

Reporting to the School

An incident of sexual misconduct may be reported directly to the campus Title IX Coordinator. If the campus Title IX Coordinator is the alleged perpetrator of the sexual misconduct, the report should be submitted to the State College of Beauty Culture President. Filing a report with a school official will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers.

An individual who has experienced an incident of sexual misconduct may report the incident at any time, regardless of how much time has elapsed since the incident occurred. SCBC is committed to supporting the rights of a person reporting an incident of sexual misconduct to make an informed choice among options and services available.

State College of Beauty Culture will respond to all reports in a manner that treats each individual with dignity and respect and will take prompt responsive action to end any misconduct, prevent its recurrence, and address its effects.

Reporting to Law Enforcement

An incident of sexual misconduct can be reported to law enforcement at any time, 24 hours a day/7 days a week, by calling 911. At the complainant's request, State College of Beauty Culture will assist the complainant in contacting law enforcement. If the complainant decides to pursue the criminal process, the school will cooperate with law enforcement agencies to the extent permitted by law. A complainant has the option to decide whether or not to participate in any investigation conducted by law enforcement.

Filing a police report will:

- Ensure that a victim of sexual assault receives the necessary medical treatment and tests
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam)
- Assure the victim has a referral to confidential counseling from counselors specifically trained in the area of sexual assault

Third-Party and Anonymous Reporting

In cases where sexual misconduct is reported to the Title IX Coordinator by someone other than the complainant (by an instructor, classmate or friend, for example), the Title IX Coordinator will promptly notify the complainant that a report has been received. This Policy and the Procedures will apply in the same manner as if the complainant had made the initial report. The Title IX Coordinator will make every effort to meet with the complainant to discuss available options and resources. Reports from an anonymous source will be treated in a similar fashion.

No Retaliation

SCBC prohibits retaliation against those who file a complaint or third-party report, or otherwise participate in the investigative and/or disciplinary process (e.g., as a witness). The school will take strong responsive action if retaliation occurs. Any incident of retaliation should be promptly reported to the Title IX Coordinator or the State College of Beauty Culture's President.

Coordination with Drug Free School Policy

Students may be reluctant to report instances of sexual misconduct because they fear being disciplined pursuant to the State College of Beauty Culture's alcohol or drug policies. SCBC encourages students to report all instances of sexual misconduct and will take into consideration the importance of reporting sexual misconduct in addressing violations of the school's alcohol and drug policies. This means that, whenever possible, the State College of Beauty Culture will respond educationally rather than punitively to student alcohol or drug policy violations associated with reported sexual misconduct.

7. School Policy on Confidentiality

State College of Beauty Culture encourages victims of sexual misconduct to talk to somebody about an incident – so victims can get the support they need, and so the school can respond appropriately.

This policy is intended to make students aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn should they become a victim of sexual misconduct. SCBC encourages victims to talk to someone identified in one or more of these groups.

Reporting to Title IX Coordinator

When a victim tells the Title IX Coordinator about an incident of sexual misconduct, the victim has the right to expect State College of Beauty Culture to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

To the extent possible, information reported to the Title IX Coordinator will be shared only with people responsible for handling the school's response to the report. The Title IX Coordinator should not share information with law enforcement without the victim's consent or unless the victim has also reported the incident to law enforcement.

Before a victim reveals any information to the Title IX Coordinator, the Coordinator should ensure that the victim understands the Coordinator's reporting obligations – and, if the victim wants to maintain confidentiality, direct the victim to confidential resources. If the victim wants to tell the Title IX Coordinator what happened but also maintain confidentiality, the Coordinator should tell the victim that State College of Beauty Culture will consider the request, but cannot guarantee that the school will be able to honor it.

The Title IX Coordinator will not pressure a victim to request confidentiality, but will honor and support the victim's wishes, including for State College of Beauty Culture to fully investigate an incident. By the same token, the Title IX Coordinator will not pressure a victim to make a full report if the victim is not ready to.

Requesting Confidentiality From SCBC: Weighing the Request and Responding.

If a victim discloses an incident to the Title IX Coordinator but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, State College of Beauty Culture must weigh that request against the school's obligation to provide a safe, non-discriminatory environment for all students, including the victim.

If SCBC honors the request for confidentiality, a victim must understand that the school's ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited. Although rare, there are times when SCBC may not be able to honor a victim's request in order to provide a safe, non-discriminatory environment for all students.

The Title IX Coordinator will evaluate requests for confidentiality. When weighing a victim's request for confidentiality or that no investigation or discipline be pursued, the Title IX Coordinator will consider a range of factors, including the following:

- The increased risk that the alleged perpetrator will commit additional acts of sexual misconduct or other violence, such as:
 - whether there have been other sexual misconduct complaints about the same alleged perpetrator;
 - whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of violence;
 - whether the alleged perpetrator threatened further sexual misconduct or other violence against the victim or others;

- whether the sexual misconduct was committed by multiple perpetrators;
- Whether the sexual misconduct was perpetrated with a weapon;
- Whether the victim is a minor;
- Whether State College of Beauty Culture possesses other means to obtain relevant evidence of the sexual misconduct (e.g., security cameras or personnel, physical evidence);
- Whether the victim's report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group.

The presence of one or more of these factors could lead State College of Beauty Culture to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the school will likely respect the victim's request for confidentiality.

If State College of Beauty Culture determines that it cannot maintain a victim's confidentiality, the school will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the school's response. State College of Beauty Culture will remain ever mindful of the victim's well-being, and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Retaliation against the victim, whether by students or school employees, will not be tolerated. State College of Beauty Culture will also:

- assist the victim in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance;
- provide other security and support, which could include issuing a no-contact order, helping arrange a change of course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments for assignments or tests; and
- inform the victim of the right to report a crime to local law enforcement – and provide the victim with assistance if the victim wishes to do so.

State College of Beauty Culture may not require a victim to participate in any investigation or disciplinary proceeding.

Because State College of Beauty Culture is under a continuing obligation to address the issue of sexual violence campus-wide, reports of sexual violence (including non-identifying reports) will also prompt the school to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported sexual violence occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/ victimization surveys; and/or revisiting its policies and practices.

If State College of Beauty Culture determines that it can respect a victim's request for confidentiality, the school will also take immediate action as necessary to protect and assist the victim.

Miscellaneous

Take Back the Night and other public awareness events. Public awareness events such as "Take Back the Night," the Clothesline Project, candlelight vigils, protests, "survivor speak outs" or other forums in which students disclose incidents of sexual violence, are not considered notice to State College of Beauty Culture of sexual misconduct for purposes of triggering its obligation to investigate any particular incident(s). Such events may, however, inform the need for campus-wide education and prevention efforts.

Off-campus Counselors and Advocates. Off-campus counselors, advocates, and health care providers will also generally maintain confidentiality and not share information with State College of Beauty Culture unless the victim requests the disclosure and signs a consent or waiver form. Contact information for these off-campus

resources can be found in Section 4 of this Policy.

8. Investigation Procedures and Protocols

The Title IX Coordinator oversees the Institute's investigation, response to, and resolution of all reports of prohibited sexual misconduct, and of related retaliation, involving students, faculty, and staff. The Title IX Coordinator will designate a specially trained investigator (or team of investigators) to interview the complainant, respondent and any witnesses. The investigator will also gather pertinent documentary materials (if any) and other information.

Notice of Investigation

The Title IX Coordinator will inform the complainant before starting an investigation. The complainant may request that an investigation not be undertaken. The Title IX Coordinator will consider such a request in light of State College of Beauty Culture's commitment to provide a safe and non-discriminatory environment for all students. If the Title IX Coordinator determines not to investigate, he will notify the complainant in writing, including that the determination was made at the complainant's request. At the complainant's request, the Title IX Coordinator will also notify the respondent in writing, including that the complainant asked State College of Beauty Culture not to investigate.

The investigator will direct the complainant, respondent, witnesses and other interested individuals to preserve any relevant evidence.

If an investigation proceeds, State College of Beauty Culture will notify the respondent in writing that a report has been filed. The notice will describe the allegations in the report. The complainant and respondent will be given the opportunity to meet separately with the Title IX Coordinator to review the Policy and these Procedures.

Investigation Process

State College of Beauty Culture's process for responding to, investigating and adjudicating sexual misconduct reports will continue during any law enforcement proceeding. The investigator may need to temporarily delay an investigation while the police are gathering evidence but will resume the investigation after learning that the police department has completed its evidence-gathering and will generally not wait for the conclusion of any related criminal proceeding.

The investigator will interview the complainant, respondent and any witnesses. They will also gather pertinent documentary materials (if any) and other information.

Investigation Report

The investigator will prepare a report detailing the relevant content from the interviews and the documentation gathered. The report will include the assessment of individual credibility and recommended findings of responsibility.

The respondent and complainant will each have the opportunity to review a copy of the investigative report and any other information that will be used during the disciplinary proceedings. The names and other identifying information of other students will be redacted from such materials in accordance with the Family Educational Rights and Privacy Act (FERPA), except to the extent that doing so would interfere with the purpose of Title IX to eliminate sex-based discrimination. The Title IX Coordinator will supervise this review and ensure that reasonable time is afforded for review prior to the hearing.

Time Frame for Investigation

Consistent with the goal to maximize educational opportunities and minimize the disruptive nature of the investigation and resolution, the Title IX Coordinator seeks to resolve all reports in a timely manner. There is no set time frame established for investigation, however, any investigation will proceed promptly and equitably.

Where necessary, State College of Beauty Culture will take immediate steps to protect

complainants pending the final outcome of an investigation, including academic accommodations and other interim measures. These steps may include the ability to change class schedules; withdraw from/retake a class without penalty; access academic support such as tutoring; issue no contact orders; and change the alleged perpetrator's class schedule.

Impact of Victim's Confidentiality Request

A victim's requests for confidentiality will likely limit State College of Beauty Culture's ability to investigate a particular matter. The school may take steps to limit the effects of the alleged sexual misconduct and prevent its recurrence without initiating formal action against the alleged perpetrator or revealing the identity of the student complainant. Examples include: providing increased monitoring, supervision, or security at locations or activities where the misconduct occurred; providing training and education materials for students and employees; revising and publicizing State College of Beauty Culture's policies on sexual misconduct; and conducting climate surveys regarding sexual misconduct.

Voluntary Resolution

Voluntary resolution, when selected by the complainant and deemed appropriate by the Title IX Coordinator, is a path designed to eliminate the conduct at issue, prevent its recurrence, and remedy its effects in a manner that meets the expressed preference of the complainant and the safety and welfare of the State College of Beauty Culture community. Voluntary resolution is not appropriate for all forms of conduct under the Policy.

State College of Beauty Culture retains the discretion to determine, when selected by the complainant, which cases are appropriate for voluntary resolution. If a complainant requests voluntary resolution, and the Title IX Coordinator concludes that voluntary resolution is appropriate, then the Title IX Coordinator will take appropriate action by imposing remedies designed to maximize the complainant's access to all employment, educational, and extracurricular opportunities and benefits at the school and to eliminate a potential hostile environment. A complainant may request and decide to pursue voluntary resolution at any time. In those cases in which the voluntary resolution involves either the notification to or participation by the respondent, it is the respondent's decision whether to accept voluntary resolution.

Voluntary resolution may include: conducting targeted or broad-based educational programming or training for relevant individuals or groups; providing increased monitoring, supervision, or security at locations or activities where the misconduct occurred; facilitating a meeting with the respondent with the complainant present (in cases that do not involve sexual assault); and any other remedy that can be tailored to the involved individuals to achieve the goals of the Policy. In some forms of voluntary resolution, the remedies imposed will focus on supporting the complainant with no participation or involvement by the respondent. In other forms of voluntary resolution, the respondent may agree to participate. Depending on the type of remedy used, it may be possible for a complainant to maintain anonymity.

Voluntary resolution may also include restorative principles that are designed to allow a respondent to accept responsibility for misconduct and acknowledge harm to the complainant or to the State College of Beauty Culture community. Restorative models will be used only with the consent of both parties, and following a determination by the Title IX Coordinator that the matter is appropriate for a restorative approach.

State College of Beauty Culture will not compel a complainant to engage in mediation, to confront directly the respondent, or to participate in any particular form of informal resolution. Mediation, even if voluntary, is never appropriate in sexual assault cases and will not be used in such cases. As the title implies, participation in voluntary resolution is a choice, and either party can request to end this manner of resolution and pursue an investigation and adjudication at any time, including if voluntary resolution is

unsuccessful at resolving the report. Similarly, a complainant can request to end an investigation and pursue voluntary resolution at any time.

The time frame for completion of voluntary resolution may vary, but State College of Beauty Culture will seek to complete the process within 15 days of the complainant's request.

9. Grievance/Adjudication Procedures Hearing Panel

If voluntary resolution is not available, State College of Beauty Culture will convene a hearing panel following the end of the investigation. The hearing panel determines whether the respondent is responsible or not responsible for a violation of the Policy. If the respondent is determined to be responsible, the matter proceeds to the sanctions stage.

The hearing panel will generally include the Title IX Coordinator and two additional members who will be individuals associated with State College of Beauty Culture. These additional hearing panel members may include administrators, officers, lawyers or other individuals with relevant experience and special training. Panel members may participate remotely so long as the hearing room is equipped with telephone equipment that allows the panel member to hear all the participants and to be heard by all the participants throughout the hearing proceedings. All panelists will receive training from experts in the field at least once a year. In addition to training on how the adjudicatory process works, the training will include specific instruction about how to approach students about sensitive issues that may arise in the context of sexual misconduct. The complainant and respondent will be informed of the panel's membership before the hearing process begins.

Advisors

Both the complainant and the respondent are entitled to be accompanied to any meeting or proceeding relating to the allegation of sexual misconduct by an advisor or support person of their choice, provided the involvement of such advisor or support person does not result in the postponement or delay of such meeting as scheduled.

Written Submissions

Both the complainant and respondent will have the opportunity to submit written responses to the investigation report and other relevant information to the hearing panel. Each of the complainant and respondent will have the opportunity to review any written submissions by the other. The hearing panel may set reasonable parameters for these written submissions. The hearing panel will review the investigation report and written submissions.

Hearing Procedures

The Title IX Coordinator will, whenever possible, give the complainant and respondent at least five days advance notice of the hearing. The Title IX Coordinator will arrange to hold the hearing at an off-campus location. The hearing is a closed proceeding, meaning that no one other than the panel members, the complainant and respondent, their respective advisors, witnesses (when called), and necessary SCBC personnel may be present during the proceeding. The Campus Title IX Coordinator will work with school staff so that any student whose presence is required may participate in the hearing.

In general, hearings will proceed as follows:

- The Title IX Coordinator may set reasonable time limits for any part of the hearing. Each of the complainant and respondent will have the opportunity to present witnesses and other information consistent with the Policy and these Procedures. The panel may determine the relevance of, place restrictions on, or exclude any witnesses or information. When the complainant and

respondent are not able to be present for the hearing panel, arrangements will be made for participation via alternate means.

- In cases where either the complainant or respondent opts not to participate in the hearing, the panel may still hear from the other.
- Additional hearing rules include:
 - Only the panel may ask questions of the complainant and respondent and any witnesses. Both the complainant and respondent will have the opportunity to suggest questions of the other and of witnesses by submitting suggested questions to the panel in writing. The panel may revise or not ask any or all submitted questions.
 - Information Regarding Romantic or Sexual History. The panel will not consider the romantic or sexual history of either the complainant or respondent in cases involving allegations of sexual misconduct, except for testimony offered by one or the other about the complainant's and respondent's shared sexual history that the panel deems relevant. If such information is offered by the complainant or respondent, the other has the right to respond. The existence of a prior consensual dating or sexual relationship between the complainant and respondent by itself does not support an inference of consent to alleged sexual misconduct.
 - Prior Conduct Violations. The hearing panel will not consider the respondent's prior conduct violations, unless the investigator provided that information to the hearing panel because the respondent was previously found to be responsible, and the previous incident was substantially similar to the present allegation(s) and/or the information indicates a pattern of behavior by the respondent.

SCBC will keep an audio recording of the hearing for the use of the panel, for sanctioning, and for purposes of appeal. The panelists may request a transcript of the recording. Cell phones and recording devices may not be used in the hearing rooms unless approved by the panel in advance.

Panel Determinations/Standard of Proof

The investigators, with or without a hearing, must make findings of fact and conclusions as to whether the facts support a finding of responsibility for violation of the school's sexual misconduct policy. If the complaint presented more than a single allegation of misconduct, a decision will be reached separately as to each allegation of misconduct. The findings of fact and conclusions will be reached by applying a preponderance of the evidence standard.

The decision-makers must offer each party the same meaningful access to any information that will be used during informal and formal disciplinary meetings and hearings, including the investigation report. The parties will have the opportunity to respond to the report in writing in advance of the decision of responsibility and/or at a live hearing to decide responsibility.

Any process made available to one party in the adjudication procedure will be made equally available to the other party (for example, the right to have an attorney or other advisor present and/or participate in an interview or hearing; the right to cross-examine parties and witnesses or to submit questions to be asked of parties and witnesses). When resolving allegations of dating violence, domestic violence, sexual assault, or stalking, the school will provide the accuser and the accused with the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. In such disciplinary proceedings and any related meetings, the institution may not limit the choice of advisor or presence for either the accuser or the accused, but may establish restrictions regarding the extent to which the advisor may participate in the proceedings.

10. Sanctions and Other Remedies

The Title IX Coordinator, with the advice and counsel of the other hearing panel members, shall be responsible for imposing sanctions that are:

- Fair and appropriate given the facts of the particular case;
- Consistent with State College of Beauty Culture's handling of similar cases;
- Adequate to protect the safety of the campus community; and
- Reflective of the seriousness of sexual misconduct.

The Title IX Coordinator will consider relevant factors, including if applicable: (1) the specific sexual misconduct at issue (such as penetration, touching under clothing, touching over clothing, unauthorized recording, etc.); (2) the circumstances accompanying the lack of consent (such as force, threat, coercion, intentional incapacitation, etc.); (3) the respondent's state of mind (intentional, knowing, bias-motivated, reckless, negligent, etc.); (4) the impact of the offense on the complainant; (5) the respondent's prior disciplinary history; (6) the safety of the State College of Beauty Culture community; and (7) the respondent's conduct during the disciplinary process.

The Title IX Coordinator will render a sanctioning decision within five days following the receipt of the panel's determination. The sanctioning decision will be communicated in writing to the complainant and the respondent.

State College of Beauty Culture may impose any one or more of the following sanctions on a student determined to have violated the Policy:

- Reprimand/warning
- Changing the respondent's academic schedule
- Disciplinary probation
- Restricting access to State College of Beauty Culture facilities or activities
- Community service
- Issuing a "no contact" order to the respondent or requiring that such an order remain in place
- Dismissal or restriction from State College of Beauty Culture employment
- Suspension (limited time or indefinite)
- Expulsion

In addition to any other sanction (except where the sanction is expulsion), State College of Beauty Culture will require any student determined to be responsible for a violation of the Policy to receive appropriate education and/or training related to the sexual misconduct violation at issue. State College of Beauty Culture may also recommend counseling or other support services for the student.

Whatever the outcome of the hearing process, a complainant may request ongoing or additional accommodations and the Title IX Coordinator will determine whether such measures are appropriate. Potential ongoing accommodations include:

- Providing an escort for the complainant
- Changing the complainant's academic schedule
- Allowing the complainant to withdraw from or retake a class without penalty
- Providing access to tutoring or other academic support, such as extra time to complete or re-take a class

State College of Beauty Culture may also determine that additional measures are appropriate to respond to the effects of the incident on the school community. Additional responses for the benefit of the State College of Beauty Culture community may include:

- Increased monitoring, supervision, or security at locations or activities where the misconduct occurred

- Additional training and educational materials for students and employees
- Revision of State College of Beauty Culture's policies relating to sexual misconduct
- Climate surveys regarding sexual misconduct

11. Appeals

Either the respondent or the complainant or both may appeal the determination of the hearing panel and/or the sanctions. Appeals are decided by the President of State College of Beauty Culture, Inc. The three grounds for appeal are:

1. A procedural error affecting the determination or sanction;
2. New information that was not available at the time of the investigation or hearing and that may change the determination or sanction; and
3. Excessiveness or insufficiency of the sanction.

Disagreement with the finding or sanctions is not, by itself, grounds for appeals.

The appealing student must submit the appeal in writing to the President of State College of Beauty Culture. within five days after receiving the sanctioning notice. If either the complainant or respondent submits an appeal, the Title IX Coordinator will notify the other that an appeal has been filed and the grounds of the appeal. The non-appealing student may submit a written response within five days after notice of an appeal.

If the President concludes that a change in the hearing panel's determination is warranted, the President may enter a revised determination, reconvene the panel to reconsider the determination, or return the matter for additional investigation. After consultation with the Title IX Coordinator, the President may also change the sanction. If both the complainant and respondent appeal, the appeals will be considered concurrently.

The President will notify the complainant and respondent of the final decision in writing. Appeals decisions will be rendered within 15 days after the receipt of the written appeal. All appeal decisions are final.

12. Records Disclosure

Disciplinary proceedings conducted by State College of Beauty Culture are subject to the Family Educational Records and Privacy Act (FERPA), a federal law governing the privacy of student information. FERPA generally limits disclosure of student information outside State College of Beauty Culture without the student's consent, but it does provide for release of student disciplinary information without a student's consent in certain circumstances.

Any information gathered in the course of an investigation may be subpoenaed by law enforcement authorities as part of a parallel investigation into the same conduct, or required to be produced through other compulsory legal process.

Additional information about FERPA can be found on the State College of Beauty Culture's website at www.statecollegeofbeauty.com.

13. Education and Prevention Programs

As set forth in Section 3 of this Policy statement, Sexual Assault, Sexual Harassment, Sexual Exploitation, Dating Violence, Domestic Violence, and Stalking are all forms of Prohibited Conduct.

State College of Beauty Culture is committed to offering educational programs to promote awareness and prevention of Prohibited Conduct. Educational programs include an overview of State College of Beauty Culture's policies and procedures; relevant definitions, including prohibited conduct; discussion of the impact of alcohol

and illegal drug use; consent; safe and positive options for bystander intervention; review of resources and reporting options available for students, faculty, and staff; and information about risk reduction. Incoming students and new employees will receive primary prevention and awareness programming as part of their orientation. The Title IX Coordinator maintains an education and prevention calendar and tailors programming to campus needs and climate.

As part of State College of Beauty Culture's commitment to provide an educational and work environment free from Prohibited Conduct, this Policy will be disseminated widely to the school community through e-mail communication, publications, websites, new employee orientations, student orientations, and other appropriate channels of communication.

State College also participates in the Cut it Out Program – Salons against Domestic Violence during the month of October. We run several promotions as part of the program to raise awareness and provide education to our students and staff.

The Title IX Coordinator, hearing panel members, and anyone else who is involved in responding to, investigating, or adjudicating sexual misconduct will receive annual training from experts in the field. In addition to training on how the adjudicatory process works, the training will include specific instruction about how to approach students about sensitive issues that may arise in the context of sexual misconduct.

The term does not include violence in a casual acquaintanceship or violence between individuals who only have engaged in ordinary fraternization in a business or social context.

Bystander Intervention

State College of Beauty Culture's primary prevention and awareness program includes a description of safe and positive options for bystander intervention. Active bystanders take the initiative to help someone who may be targeted for a sexual assault. They do this in ways that are intended to avoid verbal or physical conflict. Active bystanders also take the initiative to help friends, who are not thinking clearly, from becoming offenders of crime. Intervention does not mean that you directly intervene to stop a crime in progress; rather, these steps are "early intervention" – before a crime begins to occur. There are three important components to consider before taking action that we refer to as the ABCs:

- **Assess for safety.** Ensure that all parties are safe, and whether the situation requires calling authorities. When deciding to intervene, your personal safety should be the #1 priority. When in doubt, call for help.
- **Be with others.** If it is safe to intervene, you are likely to have a greater influence on the parties involved when you work together with someone or several people. Your safety is increased when you stay with a group of friends that you know well.
- **Care for the person.** Ask if the target of the unwanted sexual advance/attention/behavior is okay – does he or she need medical care? Ask if someone they trust can help them get safely home.

Information on Bystander Intervention was provided by the Department of Defense Sexual Assault Prevention and Response Office from: www.sapr.mil

Risk Reduction

State College of Beauty Culture's primary prevention and awareness program includes information on risk reduction. This includes:

Avoiding Dangerous Situations. While you can never completely protect yourself from sexual assault, there are some things you can do to help reduce your risk of being assaulted.

- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don't know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cash money.
- Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
- Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

Safety Planning. Things to think about:

- How to get away if there is an emergency? Be conscious of exits or other escape routes. Think about options for transportation (car, bus, subway, etc.).
- Who can help? Friends and/or family, or support centers in your area. Please

see Section 4 of this Policy for a list of support organizations.

- Where to go? Options may include a friend's house or relative's house, or you may consider going to a domestic violence or homeless shelter. You may also go to the police. **Important Safety Note:** If the dangerous situation involves a partner, go to the police or a shelter first.
- What to bring? This may include important papers and documents such birth certificate, social security card, license, passport, medical records, lease, bills, etc. This will also include house keys, car keys, cash, credit cards, medicine, important numbers, and your cell phone. If you are bringing children with you, remember to bring their important papers and legal documents. You can keep all of these things in an emergency bag. You should hide the bag—it is best if it is not in your house or car. If the bag is discovered, you can call it a “tornado” or “fire” bag.

Protecting Your Friends. You have a crucial role to play in keeping your friends safe. No matter what the setting, if you see something that doesn't feel quite right or see someone who might be in trouble, there are some simple things you can do to help out a friend.

- If you see a friend in a situation that doesn't feel quite right, create a distraction to get your friend to safety. This can be as simple as joining or redirecting the conversation: suggest to your friend that you leave the party, or ask them to walk you home. Try asking questions like: “Do you want to head to the bathroom with me?” or “Do you want to head to another party – or grab pizza?”
- Step in. If you see someone who looks uncomfortable or is at risk, step in. If you feel safe, find a way to de-escalate the situation and separate all parties involved. Don't be shy about directly asking the person if they need help or if they feel uncomfortable.
- Enlist others. You don't have to go it alone. Call in friends or other people in the area as reinforcements to help defuse a dangerous situation and get the at-risk person home safely. There is safety in numbers.
- Keep an eye out. Use your eyes and ears to observe your surroundings. If you see someone who has had too much to drink or could be vulnerable, try to get them to a safe place. Enlist friends to help you. Even if you weren't around when the assault occurred, you can still support a friend in the aftermath.

Social Situations. While you can never completely protect yourself from sexual assault, there are some things you can do to help reduce your risk of being assaulted in social situations.

- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately.
- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

14. Amendments

State College of Beauty Culture may amend the Policy or the Procedures from time to time. Nothing in the Policy or Procedures shall affect the inherent authority of State College of Beauty Culture to take such actions as it deems appropriate to further the educational mission or to protect the safety and security of the school community.

Definitions of Key Terms

- **Sexual Harassment** – Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when (i) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's education or employment, (ii) submission to or rejection of such conduct by an individual is used as the basis for education or employment decisions affecting such individuals, or (iii) such conduct has the purpose or effect of unreasonably interfering with an individual's school or work performance or creating an intimidating, hostile, or offensive educational or working environment.
 - **Hostile Environment Caused By Sexual Harassment** – refers to a situation where students and/or employees are subject to a pattern of exposure to unwanted sexual behavior that is so severe, persistent, or pervasive that it alters the conditions of education, employment, or participation in a school program or activity, thereby creating an environment that a reasonable person in similar circumstances and with similar identities would find hostile, intimidating, or abusive. An isolated incident, unless sufficiently severe, does not amount to a hostile environment caused by sexual harassment.
 - **Quid Pro Quo Harassment** – refers to a situation where students and/or employees are subject to unwanted sexual behavior where submission or rejection of such conduct is used, explicitly or implicitly, as the basis for decisions affecting an individual's education, employment, or participation in a school program or activity.
- **Sexual Assault** – is any unwanted physical contact of a sexual nature that occurs either without the consent of each participant or when a participant is unable to give consent freely. Sexual assault can occur either forcibly and/or against a person's will, or when a person is unable to give consent freely. Non-consensual sexual intercourse is any form of sexual intercourse (vaginal, anal or oral) with any object without consent. Non-consensual sexual contact is any intentional sexual touching, however slight, with any object without a person's consent.
- **Domestic Violence** – A felony or misdemeanor crime of violence committed (i) by a current or former spouse or intimate partner of the victim; (ii) by a person with whom the victim shares a child in common; (iii) by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (iv) by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or (v) by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
- **Dating Violence** – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purpose of this definition dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.
- **Prohibited Conduct** – State College of Beauty Culture prohibits the crimes of Sexual Assault, Sexual Harassment, Sexual Exploitation, Dating Violence, Domestic Violence, and Stalking as defined in these Definitions of Key Terms.

- **Sexual Exploitation** – sexual misconduct that occurs when a person takes unjust or abusive sexual advantage of another for his or her own advantage or benefit or for the benefit or advantage of anyone other than the exploited party; and that behavior does not otherwise constitute sexual assault. Examples of sexual exploitation include, but are not limited to, videotaping or photographing of any type (web-cam, camera, Internet exposure, etc.) without knowledge and consent of all persons; prostituting another person; knowingly transmitting HIV or a sexually transmitted disease to an unknowing person or to a person who has not consented to the risk; or inducing incapacitation with the intent to commit sexual assault, without regard to whether sexual activity actually takes place.
- **Stalking** – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others, or suffer substantial emotional distress. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveys, threatens, or communicates to or about a person, or interferes with a person’s property. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- **Retaliation** – means any adverse action, or attempted adverse action, against an individual or group of individuals because of their participation in any manner in an investigation, proceeding, or hearing under this Policy.
- **Intimidation** – To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- **Consent** is a voluntary agreement to engage in sexual activity.
 - Past consent does not imply future consent.
 - Silence or an absence of resistance does not imply consent.
 - Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another.
 - Consent can be withdrawn at any time.
 - Coercion, force, or threat of either invalidates consent.

Someone who is incapacitated cannot consent. Incapacitation refers to a situation in which a person is not capable of providing consent because the person lacks the ability to understand her or his decision. This situation may occur due to the use of drugs or alcohol, when a person is asleep or unconscious, or because of an intellectual or other disability that prevents the student from having the capacity to give consent.

- Complainant – means the person making the allegation(s) of sexual misconduct.
- Respondent – means the person alleged to have committed sexual misconduct.

EMERGENCY RESPONSE/EVACUATION PROCEDURES

Should an emergency or dangerous situation arise that may impact the safety or health of the State College of Beauty Culture students or staff while on the campus the State College of Beauty Culture has procedures in place.

In a dangerous or emergency situation, a campus staff member will contact a school administrator and the proper authorities. The school will proceed with an all campus lock down until the authorities have the situation under control and the police notify a

staff/administrative member that it is safe for the students and staff. Should a situation arise before the students arrive on campus; the staff will attempt to notify the students by phone/text message and advise them accordingly. The appropriate staff member will place signs on the front and rear entrances of the building.

In the case of a fire follow the campus signage for exit locations. Choose an exit that is closest to your location and exit quickly and in an orderly fashion, follow the directions of the staff member.

In the event of a tornado move in an orderly fashion to the treatment room area or follow the staff member to the basement, follow the directions of the staff members.

Tests of these emergency response and evacuation procedures are conducted bi-annually and students are informed of them on their first day of class. The tests may or may not be announced.
